Workshop Organisation at eCAADe 2012

Dear Madam, Sir,

We are pleased to confirm that preceding the 30th *International Conference on Education and research in Computer Aided Architectural Design in Europe 2012* (short: eCAADe 2012), a workshop was organized by Yannis Zavoleas with the theme “*AB-USE Computation in Architecture.*” The workshop was held on Tuesday 11 september at the Faculty of Architecture of Czech Technical University in Prague, Czech Republic.

We appreciate the effort of the organizer into the workshop, and are grateful for their contribution. We are confident that it had a positive effect on the conference, for the organizer, and for the eCAADe Association.

Thank you for your consideration.

Yours faithfully,

Doc.dr.ir. Henri Achten, Ing.Arch. Dana Matějovská
