

INTERNATIONAL PHD PROGRAM

EDUCATE AND DEVELOP OUTSTANDING SCHOLARS
FOR CHINA AND THE GLOBAL COMMUNITY

PKU GUANGHUA

PUSHING THE BOUNDARIES OF GLOBAL SCHOLARSHIP

Peking University was the first comprehensive national university in China and has been a crown jewel in China's higher education system since its founding in 1898. It is currently ranked 1st in Asia and 16th in the world according to the Times Higher Education World University Rankings 2022. The University has been involved in key moments of China's history, playing a pioneering role in the country's modernization and facilitating its engagement with the world.

Guanghua School of Management has pioneered economic and business research in China for 36 years. Research conducted by our faculty is routinely published in top international journals and influences government policymaking. Guanghua has proactively engaged in research on the implications of applied technologies like Big Data, AI, and digitalization for business and economic growth, creating a rigorous learning environment that will prepare students to conduct highly relevant research that meets today's most pressing challenges and lays the groundwork for a better tomorrow.

ABOUT IPHD PROGRAM

Guanghua's International Ph.D. Program (iPh.D.) aims to educate and develop outstanding scholars with a demonstrated capacity for conducting high-quality scientific research to advance the fields of economics and management in China and globally. The full-time program can be completed entirely in English, including both required coursework and doctoral dissertations. The uniqueness of China's market and institutions provides a ripe opportunity for aspiring academics to generate novel insights, ideas and knowledge.
