Dear colleagues,

Faculty of Business Management at Vilnius Gediminas Technical University (VGTU) in collaboration with Lithuanian Society of Young Researchers (LSYR) invites to the International camp - conference "SMITHY OF IDEAS 2019" on 2-4 of October 2019 in Kelmes district, Lithuania.

MAIN INFORMATION

The main goal of the camp-conference "Smithy of Ideas 2019" is to boost interdisciplinary connections between different researchers, experts, and scientists. Participants share their scientific experience, explain the main problems of their research area, discuss the possibilities of how to solve those problems and talk about future perspectives in an informal setting. The program of Smithy of Ideas usually includes not only scientific presentations of the participants but also different free-time activities, like games, discussions beside the bonfire, walking trips in a local neighborhood, excursions to museums and architectural heritage. Trainings, which could be useful for researchers, are also organized. The lectors of such trainings are typically delegates from any of business or scientific fields.
